The Farming Community Network (FCN) is a voluntary organisation and charity that supports farmers and families within the farming community through difficult times.

FCN has over 400 volunteers, located throughout England and Wales, many of whom are involved in farming, or have close links with agriculture and therefore have a great understanding of the issues farm workers and farming families regularly face. Our volunteers provide free, confidential, pastoral and practical support to anyone who seeks help, regardless of whether the issue is personal or business-related.

In addition to local groups of volunteers, FCN runs a confidential national helpline (03000 111 999, open 7am-11pm every day of the year) and e-helpline (help@fcn.org.uk).
